

Monthly Meeting Schedule – May 20, 2023

(Subsequent meeting: June 17, 2023)

*“Share what you know,
Learn what you don’t.”*

Dedicated to providing computer information and assistance to computer users, IT professionals and small business owners.

User groups provide an opportunity to network with other computer users and IT professionals. We offer many Special Interest Groups (SIGs) that provide tips, tricks and answers to those elusive questions.

Non-members are always welcome to visit and participate in two SIG meetings without charge.

**Meetings are 3rd Saturday
of each month**

Good News!!

**NTPCUG has returned to in-person
meetings at Northaven United Methodist
Church (NUMC) 11211 Preston Road Dallas,
TX 75230.**

Use east-side doors facing Preston

PowerShell 8:00 am – 10:00 am

For the PowerShell SIG beginning at 8:00, we will have a guest presenter at 9 am. **Doug Finke** will present on **PowerShell AI + ChatGPT at the command-line**. In this walkthrough, we will be discussing the use of ChatGPT (Generative Pre-training Transformer) and PowerShell, two powerful tools, and we will be exploring how GPT and PowerShell can be used together to automate tasks and make life easier for developers, system administrators and more.

This SIG will meet both in-person this month at Northaven United Methodist Church as well as virtually at <https://bit.ly/3AMFsUy>.

SIG Leaders: **Larry Weiss** and **Josh Miller**

Windows Tips & Tricks 9:00 – 10:00 am

In May, SIG Leader **Chuck Stark** will be conducting the **“Yard Sale”** that was described by e-mail to members. “Yard Sale” tickets will be offered without charge to NTPCUG members at the May 20th meeting, but if interested in participating, please be prepared to choose your desired system quickly and cover that fee if you win!!

Artificial Intelligence (AI) NOT MEETING

The AI SIG will not be meeting this month due to work-related time constraints. We’re in hopes the SIG can continue in June.

SIG Leader: **Howard Harkness**

Special Presentation – 10:00 to 11:00 am

In May, **Judy Taylour** will present **“The Cloud is Here – Don’t Get Left Behind”**.

Are you using the Cloud? Many people still answer, no, but you’ll be surprised when you find out how much we are all using the Cloud and how

much more is out there that we can take advantage of.

With all our computers, smart phones and tablets, how can we keep our data files in sync on all of them and share files with family, friends and associates?

How can we use cloud storage services like Dropbox, Google Drive, OneDrive, and others to make things easier? Join us live, or remotely at <https://bit.ly/3lbtuqs>.

Judy’s biography is located at <https://bit.ly/3Mu9q5b>.

Application Development NOT MEETING

In May, the **APP DEV SIG** will be unable to meet, but SIG Leader **Tom Perkins** is already planning a topic for June. Plan on joining us then!!

Internet/Windows Inside-Out 11 – Noon

This month, SIG Leader **Glynn Brooks** will discuss why texts sent from Apple devices don’t always make it to Android devices. He’ll use this to discuss how the SMS and RCS internet protocols are supposed to work, and how to work around the problems.

For Windows, Glynn is looking at the new ways Microsoft is forcing the use of Edge, even when it’s not the default browser. Will also get into how to customize news feeds and Windows 11 Widgets.

This SIG will meet both this month in-person at NUMC and remotely. If not onsite, click <https://bit.ly/42OwaSS>.
