

Monthly Meeting Schedule – Aug 17, 2024

(Subsequent meeting: September 21, 2024)

*“Share what you know,
Learn what you don’t.”*

*Dedicated to providing
computer information and
assistance to computer
users, IT professionals and small business owners.*

*User groups provide an opportunity to network with
other computer users and IT professionals. We offer
many Special Interest Groups (SIGs) that provide tips,
tricks and answers to those elusive questions.*

*Non-members are always welcome to visit and
participate in two monthly meetings without
charge.*

**Meetings are 3rd Saturday
of each month**

**NTPCUG meets at Northaven United
Methodist Church (NUMC)**

11211 Preston Road Dallas, TX 75230

For further information, see our site:
www.NTPCUG.org

**Keep up with NTPCUG
between meetings –**

PowerShell 8:00 – 10:00 am

For the PowerShell SIG beginning at 8:00, we will have a general "All Things Related to PowerShell" discussion in an online meeting format. *Join us !!*

This SIG will meet both in-person at NUMC as well as virtually at <https://bit.ly/3AMFsUy>.

SIG Leaders: **Larry Weiss** and **Josh Miller**

Windows Tips & Tricks 8:30 – 10:30 am

In August, longtime member **Linda Eakle** will work through a 'blue screen of death' problem. **Mr. Stark** will watch her . . . and do some open Q&A. And may even have something else.

Mr. Stark will also 'moderate' the guest speaker doings.

Also, if you have a 'troubled' system (or your system has a troubled user!) please contact Chuck via email to arrange for a 'Live, No Net' troubleshooting session in front of the group.

This SIG meets this month both in-person at NUMC and remotely. If attending remotely, click <https://bit.ly/3vEoTK5>.

Artificial Intelligence (AI) 9:30 – 10:30 am

For August, **Howard Harkness** noted that it's been a busy month in the world of AI. Although Howard took about a month off, the AI companies certainly did not.

Having sufficiently recovered from lung surgery (turned out well), Howard plans to quickly gloss over some of the major technological events of the past month or so (time permitting, he may have some demos to show), then talk about the political and economic consequences of those events, which will include a session on Regulatory Capture and why it's a Really Bad Thing.

We will be presenting on-site at NUMC, and remotely via Zoom at <https://bit.ly/3OVHqcf>.

Meeting ID: 844 4788 4529; Passcode: 781910

Special Presentation 10:30 – 11:30 am

In August, **Judy Tylour** of APCUG will be doing a presentation on ***Digital Asset Estate Planning: Even After We've Died, Our Identity Is Not Safe.***

Criminals often exploit public records of the deceased to create fraudulent identities. Safeguarding our digital legacy is essential in today's world of our online accounts and digital assets. This presentation provides practical tips and strategies for you and your digital executor to prevent such incidents and efficiently close your accounts.

This SIG will meet both in-person at NUMC, and remotely using Zoom (bit.ly/4bQ5XYa)

BIO: Judy Tylour, President, SCV Computer Club; Member, APCUG Speakers Bureau

Judy is a 35-year member of the Santa Clarita Valley Computer Club, serving as President and Webmaster. Ahe also co-facilitated the Southern California Regional User Group Summit (SCRUGS), a group of computer clubs in Southern California that have met quarterly for over 20 years to share ideas, solve problems, etc.

Judy spent 23 years volunteering with the Southwest Technology Conference held in San Diego for 20 years and three years at Cal Poly Pomona. In addition, Judy served as chair or co-chair for 21 years. Her responsibilities included registration, scheduling speakers, and working with the volunteers.

**NTPCUG Business Meeting 11:30
And Pizza !!**
