Monthly Meeting Schedule – Jan 18, 2025

(Subsequent meeting: February 15, 2025)

"Share what you know, Learn what you don't."

Dedicated to providing computer information and assistance to computer users, IT professionals and small business owners.

User groups provide an opportunity to network with other computer users and IT professionals. We offer many Special Interest Groups (SIGs) that provide tips, tricks and answers to those elusive questions.

Non-members are always welcome to visit and participate in two monthly meetings without charge.

Meetings are 3rd Saturday of each month

NTPCUG meets at **N**orthaven **U**nited **M**ethodist **C**hurch (NUMC)
11211 Preston Road Dallas, TX 75230

For further information, see our site:

Follow Us on …

PowerShell   8:00 – 10:00 am

For the PowerShell SIG beginning at 8:00, we will have a general "All Things Related to PowerShell" discussion in an online meeting format. *Join us !!*

This SIG will meet both in-person at NUMC as well as virtually at https://bit.ly/3AMFsUy.

SIG Leaders: **Larry Weiss** and **Josh Miller**

Windows Tips & Tricks 8:30 – 10:30 am

Well, **Linda Eakle** and **Tom Sweet** solved last month's 'technical issue' of not begin able to display Linda's laptop on the equipment in the room. So – "Getting Gmail to work in Outlook, Round 2".

And – **Chuck Stark** will 'revisit' problems with BitLocker. Another sad story of 'irretrievable' data.

And – Let's visit with "Ask Leo" and get a primer on OneDrive, Dropbox, Google Drive, etc.

And – Physical proof the "Rufus" Windows 11 install modification works.

As always, we'll have Open Q&A.

Also, if you have a 'troubled' system (or your system has a troubled user!) please contact Chuck via email to arrange for a 'Live, No Net' troubleshooting session in front of the group.

This SIG meets this month both in-person at NUMC *and* remotely. If attending remotely, click **https://bit.ly/3vEoTK5 .**

Artificial Intelligence (AI) 9:30 – 10:30 am

For January, this session will feature some political news in AI, along with a test of a text to video tool.

The Artificial Intelligence SIG will meet remotely via Zoom at **https://bit.ly/3PKEFK5 .**

Special Presentation   10:30 – 11:30 am

In January, **Judy Taylour** (APCUG) is back for the EIGHTH time, presenting on **Utility Apps.**

What is a utility? It's an app that performs a specific task and adds functionality to your computer or helps your computer perform better. System monitoring, backing up, system maintenance, password management, virus protection, and more — we all have our favorites.

Judy shares some of favorite apps in this presentation. Please plan to share one or two of *your* favorites during the Q&A part of the meeting. Hopefully, we will all learn about at least one new utility we want to try.

This SIG will meet both in-person at NUMC, *and* remotely using Zoom. If remote, use this link (**https://bit.ly/40n66P0**)

BIO: Judy Taylour, President, SCV Computer Club; Member, APCUG Speakers Bureau

Judy is a 35-year member of the Santa Clarita Valley Computer Club, serving as President and Webmaster. In addition, she co-facilitated the Southern California Regional User Group Summit (SCRUGS), a group of computer clubs in Southern California that met quarterly for over 20 years to share ideas, presenter information, solve problems, etc. Information shared at the meetings helped two of the groups remain active.

She is a member of the Los Angeles FBI Senior Scam Working Group, and is a Pierce College Computer Applications and Hospitality Management Advisory Committee member that meets annually to suggest courses and hardware for the next school year.
